Delft-based MSc Programmes

THE DELFT-BASED, 12-MONTH CURRICULUM OF THE MSc PROGRAMME IN SANITATION

The Delft-based, 12-month curriculum of the MSc Programme in Sanitation consists of 70 ECTS credit points and has a Taught Part and a Thesis Research Part.

The taught part has a modular structure, comprising 13 modules ranging from 1 to 6 weeks’ duration. The individual thesis research, follows on completion of the taught programme, although, in order to avoid a ‘cold start’ and to guarantee sufficient time, students will be allocated a research topic and will start preparing for their individual research early on in the programme.

THE DELFT-BASED, 18-MONTH CURRICULUM OF THE MSc PROGRAMMES

The Delft-based, 18-month curricula of the MSc Programmes consist of 106 ECTS credit points and have a Taught Part and a Thesis Research Part.

The one-year taught part, has a modular structure and after successful completion, you will do individual research for a six-month period. The research deals with a practical or theoretical problem and may be carried out in collaboration with an organization outside the Netherlands, for example in the home country. Research skills are also built up during the taught part.

SCHOLARSHIPS
