Introducing IHE Delft
Delft
Mission
IHE Delft works in partnership to strengthen capacity in the water sector to achieve global sustainable development.

Ambition
Through our overarching work on capacity development, IHE Delft aims to make a tangible contribution to achieving all Sustainable Development Goals in which water is key.
Water is key to many goals!
IHE Delft offers a wide range of flexible, high quality, specialized educational programmes.

- MSc programmes
- PhD Programme
- Short courses
- Online courses

We are all about water – and that makes us unique!
IHE Delft offers 5 accredited International Master of Science programmes, with a total of 17 specializations.

Three of those specializations are European Joint Master of Science Programmes.

J: Joint Programmes
Set-up MSc Programmes

Delft based MSc Programmes start in October and take 18 months. The first year consists of taught modules, followed by individual research for six-months. The MSc in Sanitation takes one year to complete and has a three month thesis research phase. Joint programmes may have different start/end dates.
MSc Programmes

Entry requirements

✓ Bachelor Degree in a related field, depending on specialization. Examples are: Civil Engineering, Environmental Science, Geosciences, Chemistry, Agriculture (but also from Social Sciences)

✓ Strong motivation to successfully complete the programme
✓ Relevant working experience is appreciated

✓ English Language:
  • IELTS: 6.0
  or
  • TOEFL iBT: 80 overall and (>17 for writing)
  • TOEFL paper test: 65 overall score (>17 for writing)
Meet the world at IHE Delft
And always a couple of students from Indonesia
MSc Programmes

Application and admission

• Delft-based 18-month MSc Programme tuition fee: €22,578
• Cost of living is approx.: 1000€ p/m

• Apply on our website (free of charge): [www.un-ihe.org/education](http://www.un-ihe.org/education)
• Submit academic transcripts, CV, motivation letters, recommendation letter

Deadline application is 1 August 2021 but most scholarships have an application deadline much earlier!

StuNed
Deadline IHE: 24 February 2021 / DELTA: 1 March 2021
www.un-ihe.org/stuned

Joint Japan World Bank Graduate Scholarship Programme
Deadline Mid May 2021

Rotary International
Deadline Mid April 2021

THERE MAY BE MORE..... Check the internet!
Currently over 100 PhD Fellows enrolled
PhD has a 4 year duration
At IHE Delft or in home country
PhD degrees awarded jointly with a (Dutch) university:

LPDP may fund your PhD, check their website!
Short and Online Courses

IHE Delft conducts a wide range of short, intensive and highly specialized courses which are aimed at upgrading and refreshing the knowledge and skills of mid-career and senior experts.

But also:
• Tailor made training
• Summer courses in July
• Professional Diploma Programme (sequence of online or short courses)

• Open courseware: un-ihe.org/open-courseware on for example GIS, Eco Sanitation, Biological Wastewater Treatment, Hydrology and Hydraulics
IHE Delft has provided graduate education to more than 23,000 water students and professionals from over 190 countries. They form the Institute’s alumni community, the largest global network of water professionals in the world.
